KISHANPURA, HNK

(Bsc., Biology Final Year Students)

Field Trip

Principal
VAAGDEVI DEGREE & P.G. COLLEGE
 Kishanpura, Henanankonda.

The Dept. of Botany organized a field trip to Ramappa temple and Biodiversity Protected Cane area during 2010-2012 in the part of curriculum and about 30 students were actively participated in the event.

The students were learnt about the architecture of Ramappa Temple, Ramappa Lake and had a boat riding @ Lake.

After completion of lunch, moved to Biodiversity Protected Area, Cane which is an unique area in the state, Telangana, and observed keenly about flora and fauna in the precious cane area, and noted the floristic wealth of cane area.

2018-19

FIELD TRIP: Dept. of Physics (KU)

The department of physics (KU) was started in 1968 as a P4 Centre of Osmania University and later upgraded into Kakatiya University in 1976. The department has acquired national and worldwide prominence in the fields of condensed matter physics, theoretical physics, spectroscopy, solid state physics, material science and nuclear radiation science.

The department of physics and electronics of Vaagdevi Degree & P.G. College arranged a field trip for B.Sc (MPC) - III yr on 4/11/2019. The students observed the synthesis process of making nano materials.

2019-20

FIELD TRIP : TRIBAL MUSEUM

The Girijan (tribal) museum is a circular shaped complex recently established by the Telangana Government to represent the grandeur of the Koya tribals and the tale of folk goddesses Sammakka - Savalamma. It is at a distance of 95 km from Warangal City Centre.

Around 90 students from M.Sc (Sem-) - I yr were taken to Medaram forests and Girijana tribal museum as a field trip. The main theme of this trip is to understand the life style of tribals and the designing of their hunting tools, the materials (metals) used to design their hand tools.

2020-21

FIELD TRIP: Dept. of Physics (JNTU-H)

The department of Physics - JNTU-H is one of the internationally recognized premier department for the Quality of teaching and Research. The departmental Research work is organized into several areas. Pushing back the frontiers of human understanding space, time, matter, Energy in all forms. In the academic year 2020-21 department of physics and Electronics vaagdevi degree and p.w. college had sent a group of students from msc physics 1st year on. The students were enjoyed the trip and came to know that the recent advances going in the field of material science and Nano technology
